Digadop

Referral & Partner Program

Refer Digadop products and earn a one-time fee, or become a Reseller and earn a recurring margin.

The Digadop Referral & Partner Program, including its Reseller tier, is not open for enrollment yet. The terms below are published for reference. Tell us you are interested and we will let you know the moment applications open.

Tier	How you qualify	What you earn
Referral Partner **10% BUCKET**	Enroll with an active subscription to a Digadop product	Up to 10% of the Advertised Price, split between a customer discount and your referral fee — One-time, on the customer's Initial Term.
Advisor **20% BUCKET**	3 or more active Referred Customers	Up to 20% of the Advertised Price, split between a customer discount and your referral fee — One-time, on the customer's Initial Term.
Advisor Gold **25% BUCKET**	6 or more Referred Customers in the trailing 12 months	Up to 25% of the Advertised Price, split between a customer discount and your referral fee — One-time, on the customer's Initial Term.
Reseller **30% MARGIN**	Apply from Advisor Gold; Digadop approval required	Buy at 70% of list price and set your own resale price; the 30% margin is yours — Recurring, for as long as you retain the customer.

How it works

- Enroll free with an active Digadop product subscription.
- Share your referral code or link; it tracks to a new customer's first order.
- You choose the split between the customer's discount and your fee, up to your tier's bucket.
- Paid within 60 days once Digadop collects from the customer.
- Reach Advisor Gold and you can apply to become a Reseller: buy at 70% of list, resell at your own price, and keep the margin as long as you keep the customer.

Worked example

A customer signs a three-year term at an advertised price of **$18,000**, prepaid. At the Referral Partner tier's 10% bucket, allocated entirely to your fee, you earn **$1,800**.

Products

Starting with Who Sees What and Digadop Help. More Digadop products are planned to join over time, including Clionyx, Lynceon, Messigent, Chronovix.
